THE COUNTY LINE.—We are glad to see that the House has paused in its determination to push through the new county line between Nash and Edgecombe.

On Thursday petitions were presented from the citizens of Edgecombe protesting against the passage of the bill, and the same was then re-committed to the Committee on Counties and Townships.

It is understood that it will be finally disposed of to-morrow. In the meantime several of the leading citizens of the county are in Raleigh for the purpose of using their influence against a measure so utterly distasteful and repugnant to every sense of justice and right.
